adidas sneakers womens sale On top of this unprecedented technology, the adidas Ultraboost 4.0 promotes maximum freedom of movement in your foot to prevent friction, blisters and discomfort that shorten runs and extends recovery time. A breathable Primeknit upper wraps the foot for a comfortable sock-like fit that adapts to your unique form. The supportive heel of the Ultraboost 4.0 running shoes cradle your foot with each step while protecting the Achilles tendon so you can attack your route with confidence.

adidas sneakers mens brown Decades of research and development have fueled the quest to create the perfect midsole material. After countless trials and hundreds of iterations, the Boost midsole was launched in 2013. Created in collaboration with German chemical company BASF, Boost is comprised of thousands of foam capsules bonded together using steam. This midsole technology has set a new standard in the industry and is now featured on more than 20 silhouettes from baseball cleats to lifestyle sneakers to the unprecedented Ultraboost—the first running shoe to deliver energy return with every step.

adidas sneakers white purple Launched in a handful of exciting colorways, the recent cookies & cream version is now being followed by a second “Oreo” themed style expected to release soon.adidas launched their first variation of the Ultra Boost 4.0 silhouette in a classic “Cookies and Cream” colorway. The shoe was advertised through an influencer marketing campaign, which saw special boxes of the shoe, including milk and cookies, sent to select adidas ambassadors around the globe.

adidas ultra boost 4.0 blue Now, it appears the Three Stripes has prepared a second version of the essential black-and-white color scheme for the 4.0. The new Ultra Boost 4.0 “Oreo” features opposite color blocking from the previous model. The new colorway comes with a black base for the upper, with bits of white thread peppered in for texture. The external support systems will also come blacked out, along with the inner lining and adidas Performance branding on the tongues. The laces will feature a dual-tone scheme to match the rest of the shoe, and the midsole is completed with plain white Boost and a black Continental rubber outsole.
